FEEDBACK ANALYSIS REPORT

2020-21

ABOUT FEEDBACK

Maulana Mazharul Haque Teachers' Training College has been working on sustaining quality culture in the field of academic and administrative services. For this, the IQAC initiates the conduct of feedback from various stakeholders. During the academic year 2020-21, the formal and informal feedback was also collected from all the stakeholders and analyzed. In order to provide the quality education to the student community, we obtain the feedback from the graduating and post graduating students on various aspects of academic and administrative activities through three structured feedback proformas. The views and opinions of these students help in bringing the improvement in curriculum and different activities of the institution. College solicits the feedback from the passed-out alumni on important attributes of the institution during alumni meet and other similar re-union meetings. They are also invited to various functions and occasions organized by the institute. Their feedback is an important source of information for betterment and development of the institution. For the welfare of society, IQAC constantly does a quality check of educational services by getting feedback from the parents whose insights help to augment quality services as well as make the right decisions wherever necessary. Parent-Teacher Meet is organized in every year and a feedback session is conducted during the meet. Teacher educators' feedback involves accurate appraisal of the effectiveness of teaching of the interns during internship program and areas that need revision of curriculum. The Curriculum Development Cell of the institute also periodically collects feedback from the students regarding various aspects of the different courses running in the college. In order to meet the expectations of the schools and teacher education institutes, we get feedback from the employers and Principals of practicing schools that may help in bringing the change in course content of teacher education programs. For collecting informal and formal feedback from above mentioned stakeholders, the institute provides different platforms and has also designed feedback proformas on the various aspects of curriculum, infrastructure, faculty and facilities provided.

STUDENTS

The feedback of the students was taken on eight parameters of the course. The feedback analysis clearly indicates that majority of students rated high the depth of course content and extent of coverage of course. Most of the students found course having relevant learning values with its applicability to real life situations. Feedback analysis showed students' satisfactory attitude towards reference material provided by the teacher as well as available in the library.

Overall, the majority of students rated the course very good. However, some students requested for easy accessibility of textual reading material during COVID-19 Pandemic. Some Post graduate students faced difficulty in data collection for their dissertation and undertaking experimental studies.

ALUMNI

The institute enabled most of the alumni to be successful in their life. Majority of the ex-students feel proud to be a part of the institution due to its conducive environment and are willing to contribute to the development of the institution. The teaching quality of the institution is highly rated by the alumni. Most of the alumni are highly satisfied with course content especially in its training and placement aspect. The high percentage obtained for the availability of reference and support materials indicates that the alumni are quite satisfied with the materials available in the institute. Alumni also suggested to bring modifications in curriculum of internship keeping in mind the present scenario

PARENTS

Feedback response indicated that parents strongly agree that getting admission in this college is a matter of pride for their wards due to its location, congenial, cooperative staff, balanced academic atmosphere teaching, and discipline. Most of them are satisfied with the admission process. Majority of them were of the opinion that they choose the present program and college due to employability opportunities provided to students. Parents are also of the opinion that the curriculum is well designed promoting learning experience of the students. Most of the parents are satisfied with the use of information and communication technology. However, some responses revealed need of more placement drives in the campus in future. They also expressed their concern regarding the offline house examination system in the COVID times. They also suggested in conducting awareness classes regarding ethical use of various social media platforms especially during Covid-19 Pandemic.

TEACHER INCHARGE

College has made a practice of collecting of feedback from the teacher educators regarding prospective teachers during internship program. Feedback would go a long way in accomplishing the objectives of internship program. Most of the faculty members reflected that Pupil teachers conducted online morning assembly using creative ideas during COVID-19 pandemic. Faculty showed satisfaction towards use of innovative teaching strategies by the

interns. Teacher educators showed neutral attitude towards use teaching aids by interns. Most of interns were able to create the interest of the students and able to control the class on virtual platform. Teacher educators were agreed that internship program provides platform for recognizing the interns with teaching aptitude to be placed as teacher educators in our own college. Majority of interns were facing the problem of completing the online teaching task in stipulated time due to multiple issues.

PRINCIPALS OF PRACTICING SCHOOL

Majority of Principals of Practicing Schools rated duration of Internship allotment of number of interns, planning and delivery of the lesson high. They also considered course was adequate, Most of the Principals were satisfied with the active involvement of the supervisors. They were also of the opinion that during COVID times, internship was fruitful. Feedback showed that there is need to enhance classroom management skills on virtual platform.

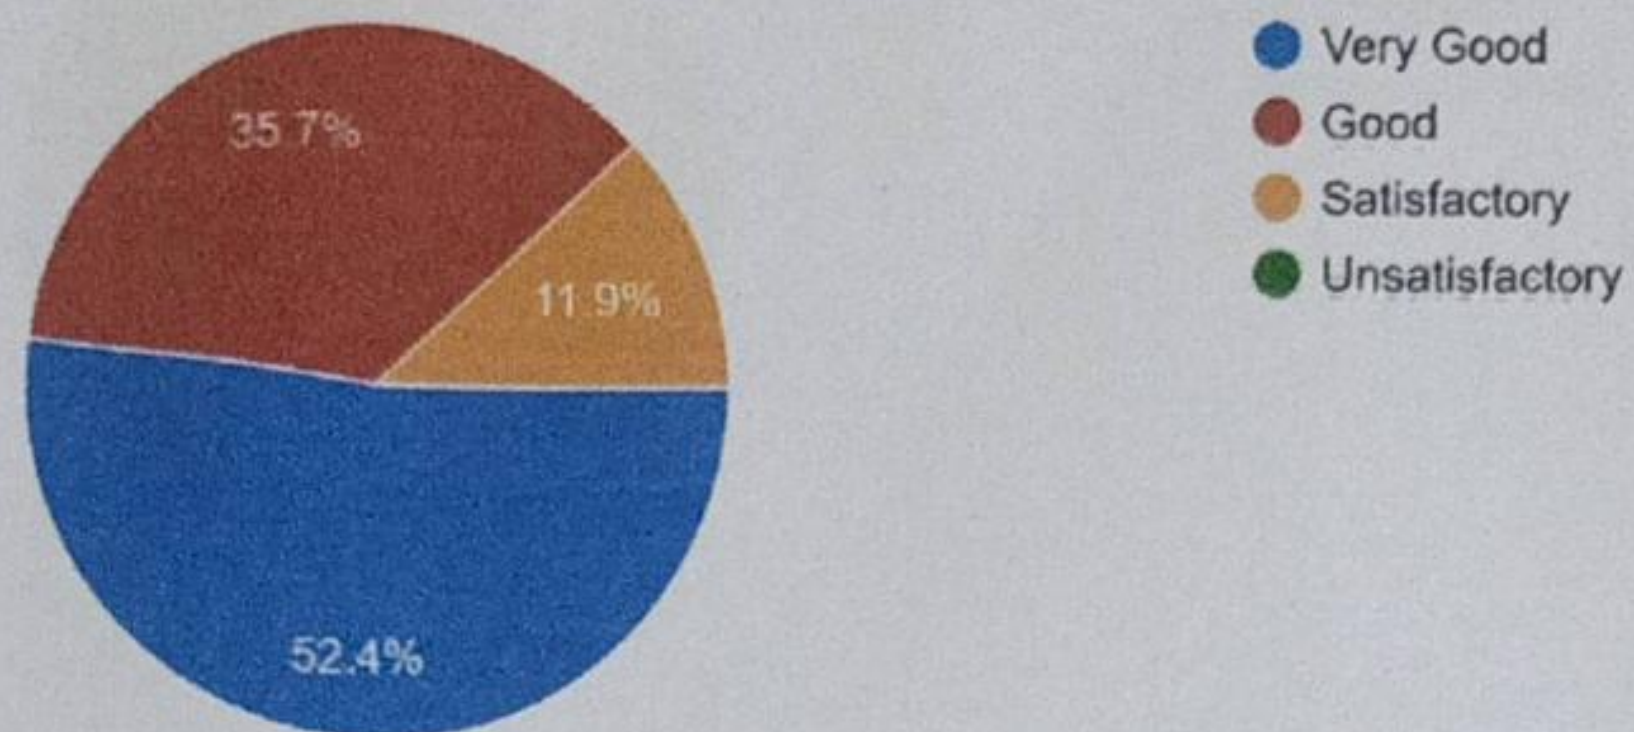

EMPLOYER

Feedback analysis indicated that the course is upto date as per the needs of the school. Most of the employers have the opinion that the curriculum has the capacity of imparting leadership qualities. They are also highly satisfied with the communication skills provided by the curriculum and institution. Moreover, it is also revealed from the feedback that the involvement of the students in school activities and their team spirit qualities are rated high by their employers. The knowledge of the students with the respect to curriculum is very good. However, their knowledge the use of latest tools in teaching on virtual platform is rated unsatisfactory.
